CONCERNING THE VERBS WITH EVALUATION SEMANTICS IN THE EVENKI LANGUAGE

Abstract

In the current paper, the evaluative verbs of the Evenki language are viewed for the first time. The aim was to offer semantic and pragmatic interpretation of Evenki Verb through the lens of evaluation activity as one of the most crucial psychic activities of a person. In this activity, peculiarity of evaluation meaning expression was considered from the viewpoint of verb semantics and languages means. These verbs characterize socially important activities and actions of a person evaluating them in a way and giving a certain idea about personal traits of that particular subject.

Keywords: the Evenki language, morphology, verb, evaluative meaning, classification.
